

3M SPEEDGLAS ADFLO BREATHING TUBE

SKU: 834016

£38.50 ex VAT

Stock: Available to Order (2-3 Days) Ordered in and delivered within 2-3 days.

This 3M replacement heavy-duty breathing tube is designed for use with the Adflo powered respirator system. It's built to last and supplies filtered air to the respirator hood or face shield.

- Replacement breathing tube for Adflo powered respirator and Versaflo V-500E supplied-air regulator
- Quick-release swivel (QRS) system allows one-handed installation and release
- Can also be used with Speedglas 9000 welding face shields and other older 3M models in conjunction with the breathing tube adapter (available separately)
- Extend the service life further by using a breathing tube cover (available separately)
- Parts should be checked regularly for signs of wear and damage, and replaced when necessary
