30 Micron Class ‘O’ Aluminium Foil Tape is designed for high-performance sealing and insulation applications. Its solvent acrylic adhesive ensures a secure and reliable bond, even in extreme temperature conditions.

- **Class ‘O’ Certified:** Meets fire safety and performance standards.
- **Temperature Resistant:** Reliable in both high and low-temperature environments.
- **Solvent Acrylic Adhesive:** Provides strong adhesion to various surfaces.
- **Durable 30 Micron Foil:** Offers excellent tear resistance and long-lasting performance.
- **Versatile Applications:** Ideal for sealing, patching, and insulating in demanding environments.
