The Armorgard FlamBank™ Hazardous Storage Box is the ultimate solution for the safe, compliant storage of flammables and hazardous substances on-site or in transit. Designed to meet stringent safety regulations, including COSHH standards, this high-security storage box provides unrivaled protection against fire, theft, and spillage in demanding environments.

- **Ultra-robust galvanized construction** for superior strength and durability.
- **High-security, anti-theft design** with a unique internal locking mechanism and anti-jemmy features.
- **Gas strut-assisted lid** for smooth, easy access and user safety.
- **Powder-coated finish** with hazard warning labels for clear identification and compliance.
- **Built-in liquid-tight sump** to contain leaks and prevent environmental contamination.
- **Tested fire-resistant design**, offering peace of mind for flammable material storage.
