The Armorgard SafeStor™ is purpose-built for the indoor safe storage of flammables and chemicals, including paint and other hazardous substances. Compliant with all relevant regulation relating to the Control Of Substances Hazardous to Health (COSHH), this robust range of cabinets features a liquid-tight sump to contain spillages, as well as galvanized shelves for maximum durability.

- Galvanized shelves
- Reinforced doors
- Flush handles with two-point locking
- Powder coated paint finish - complete with relevant warning signs
- Meets relevant regulation for storing fuel or chemicals
- Liquid-tight sump to contain spillages
- Built to specification for 1/2 hour fire resistant
