The **Big White Refill Mop Head** is a highly absorbent mop head that absorbs up to three times its own weight in water than a standard cotton mop. Even though this mop head easily absorbs all that water, it still is easy to wring out. **A plastic socket and clips are required for this mop head.**

- This mop head is scientifically proven to inhibit bacterial growth and offers a hygienic alternative to other mopping systems.
- The plastic sockets are detachable from the mop head and can be laundered
- re-use the sockets and replace the mop head when dirty saving on both landfill and cost.
- A lightweight with ultra-absorbency, fast drying time, this mop is ideal for high traffic areas.
- This mop is also 50% lighter than some other PY socket mop heads and it is very cost effective.
- Boxed 100 mop heads
