These Heavy Duty Wipes from Big Wipes have a formula that is tough on grime and kind to hands. They are bigger, thicker and tougher than before. These are simply the best hand-cleaning wipes on the market! Incorporating the latest high adhesion web technology, the innovative dual-sided scrub and clean quad fabric. They grip 40% more grime with every wipe, so you can mop up even the toughest dirt in the quickest time. The abrasive side removes the most stubborn and dried-on filth, while the smooth side soaks up any excess, leaving no mess. The firm grip and no slip textile ensure reduced slippage, high tear resistance and no pilling.

The BIG WIPES heavy-duty formula is not only a super-strength industrial cleaner, it is also antibacterial. This provides added protection to users working in potentially hazardous environments, outside or in. They also provide added protection against MRSA, E.Coli, Salmonella, Listeria, Clostridia, Enterococcus, Pseudomonas, Staphylococcus Aureus and Weils Disease.

- Use without water for heavy duty cleaning of hands, tools and surfaces
- Removes even the most stubborn grime, while the smooth face absorbs any excess
- A unique biodegradable, water-based formulation of 4x power cleansers
- Ensures the removal of paint, adhesives, oil, sealants, silicone's, PU foam and general grime from hands, tools and surfaces
- Helps to nourish and protect the skin
- Extremely tear resistant
- Preservative-free
- Dermatologically Tested
- Designed to meet tough EU Regulation 1223/2009 for Cosmetic Products
- Contains 4x Skin Conditioners: Aloe Vera, Lanolin, Vitamin E and Glycerine
