TYVEK Classic Xpert coverall is the latest generation of the most advanced product for Type 5/6 protection. New patent pending seam technology, hooded coverall, white external stitched seams, 3 piece hood, Tyvek auto lock zipper and zipper flap, elasticated hood, cuffs and ankles, glued in waist elastic. Ergonomic design offering enhanced fit and full freedom of movement, larger zip puller and hood/sleeve design which fits the contours of your body and stops the garments riding up.

Two out of three users choose TYVEK Classic because it has proven reliable protection for many years. TYVEK

acts as a barrier against many inorganic chemicals in low concentration and particles larger than 1µm. It is highly resistant to abrasion and tear and can confront with confidence the harsh environments where protective apparel is worn. TYVEK Classic also offers an optimum comfort : it "breathes" as it is permeable to air and water vapour. It is the perfect balance between barrier effect, durability and comfort!

- Hooded coverall.
- Robust, yet lightweight.
- 3 piece hood.
- Elasticated face, wrist and ankles.
- Excellent barrier to fine particles and fibres.
- Ultra-low linting.
- Stitched external seams.
- Suitable for pharmaceutical, chemical processing, oil and gas industry, maintenance spray painting and many other applications.
- Conforms to: CAT III, TYPE 5B, 6B. EN 1073-2, EN 1149-5, EN14126
