

ECOSPILL PREMIER CHEMICAL ABSORBENT SOCK 7.5CM X 1.2M (20 PACK)

SKU: ES1014

£46.75 ex VAT

Stock: Out of stock Currently unavailable. This item will be delivered when stock arrives. 0

Our Chemical socks have a yellow spunbond outer skin, with a treated hydrophilic absorbent filling. This is for use with most liquids including aggressive chemicals. Ideal for containing/absorbing chemical spills around the workplace.

The absorbent fill is housed in a spunbond outer skin, that is stitched at both ends to avoid any chemical reactions.

Units in Pack:	20
