The Honeywell Bionic is a revolutionary face shield designed for rugged jobs, it's tough where it needs to be, yet extremely lightweight and balanced for all-day comfort. Its technologically advanced design enables the Bionic to more easily stand up to impact and airborne debris. Highly adjustable, with an easily replaceable visor, the Bionic Shield is the face shield workers want to wear.

- Enhanced protection from airborne debris with extended top of head and chin protection.
- Lightweight and balanced, ergonomic design for extended use.
- Multiple visor tilt positions offering incredible adjustability with up to 2784 possible wearer positions.
- Locking mechanism for more complete safety.
- Large superior-quality visors for maximum visibility offering excellent optics and increased visibility.
- Easily replaceable visor with dual position choices.
- Comfortable cell foam on the back of headgear and breathable, removable, washable headband.
- The face shield offers secondary protection and must be worn with spectacles or goggles.
- EN 169 / EN 170 / EN166 – Standards EN 169/EN 170/EN166
