The EVOLite® Skyworker™ helmet has a suspension system and shell structure that has been designed to be used for industrial, mountaineering, rescue and leisure activities. Meeting the EN12492 standard. A helmet complying with the mountaineering standard is impact tested with two 5kg strikers. A hemispherical striker is dropped from 2 metres onto the crown of the helmet and a flat striker from 500mm onto the front, rear or side by tilting the headform to 30°. In all cases, the transmitted force through the neck of the headform must not exceed 10kN. Two penetration tests with a 3kg pointed striker are also performed within a 50mm radius of the helmet's crown without making contact with the headform.

### Strong Light Shell

Conforms to the mandatory shock absorption and penetration requirements of EN397 industrial standard.

### E.P.S Liner

Side, front and rear impact protection from the shock-absorbing E.P.S liner.

### 4-Point Chinstrap

Fully adjustable 4-point chinstrap with quick-release buckle.

### Impact Protection

Side, front and rear impact protection from the shock-absorbing E.P.S liner. The liner is vented to increase comfort whilst maintaining a high protection factor.

**Supreme Comfort**

A 6-point textile harness system & Chamlon™ sweatband offer unrivalled comfort.

**Ventilation**

The shell and EPS liner are vented to increase comfort and allow cooling airflow.

**3D-Adjustment**

The harness features 3D-Adjustment offering 1-2-3 depth point settings for the perfect fit with easy to use Revolution® wheel ratchet.

**Accessories**

A universal attachment slot enables firm fitting of a range of Surefit™ safety visors, and ear defenders.
