The EVOLite® Skyworker™ helmet has a suspension system and shell structure that has been designed to be used for industrial, mountaineering, rescue and leisure activities. Meeting the EN12492 standard. A helmet complying with the mountaineering standard is impact tested with two 5kg strikers. A hemispherical striker is dropped from 2 metres onto the crown of the helmet and a flat striker from 500mm onto the front, rear or side by tilting the headform to 30°. In all cases, the transmitted force through the neck of the headform must not exceed 10kN. Two penetration tests with a 3kg pointed striker are also performed within a 50mm radius of the helmet's crown without making contact with the headform.

Strong Light Shell

Conforms to the mandatory shock absorption and penetration requirements of EN397 industrial standard.

E.P.S Liner

Side, front and rear impact protection from the shock-absorbing E.P.S liner.

4-Point Chinstrap

Fully adjustable 4-point chinstrap with quick-release buckle.

Impact Protection

Side, front and rear impact protection from the shock-absorbing E.P.S liner. The liner is vented to increase comfort whilst maintaining a high protection factor.

Supreme Comfort

A 6-point textile harness system & Chamlon™ sweatband offer unrivalled comfort.

Ventilation

The shell and EPS liner are vented to increase comfort and allow cooling airflow.

3D-Adjustment

The harness features 3D-Adjustment offering 1-2-3 depth point settings for the perfect fit with easy to use Revolution® wheel ratchet.

Accessories

A universal attachment slot enables firm fitting of a range of Surefit™ safety visors, and ear defenders.
