The Force®8 twin cartridge half mask with Typhoon™ valve offers superior low breathing resistance and a 4-point suspension harness with quick release buckles. The mask is made with a durable thermoplastic rubber offering a superior fit to most face shapes. The mask accepts the full range of low profile Force®8 filters giving the Force®8 the flexibility to be used for many applications, providing filtering protection against particulates, many gases and vapours.

Comfort

Durable thermoplastic rubber mask for superior fit to most face shapes.

Harness

Fully adjustable 4-point cradle suspension ensuring an effective facial fit.

CR2 Reflectivity

Reflective strips create increased visibility in low-light environments for added safety.

Typhoon™ Exhalation Valve

Low resistance exhalation valve for easy breathing, with stable mask configuration.

Force® Filters

Cost effective Force®8 filters available with low profile angle for minimum visual impairment.

Comformity

Conforms to EN 140 (Face piece), EN 14387:2004 (Filter performance), EN 143:200 (Filter performance)
