

JSP POWERCAP ACTIVE IP POWERED RESPIRATOR

SKU: JSPCIP

£390.45 ex VAT

Stock: In Stock Order before 3pm for Next Day Delivery. 3

The PowerCap Active JSP CAE602-941-100 is a lightweight, firm fitting, ergonomically designed positive pressure respirator. It has been designed to protect the user from dust and most airborne particulate pollutants.

It is a unique alternative to disposable masks, giving improved comfort, safety and efficiency to the wearer. The mask gives a cooling, comfortable supply of filtered air at 160 litres per minute eliminating breathing resistance and visor misting.

The Bump Cap Head Protection uses JSP Hardcap A1 and bump cap technology. The cap can be easily removed and is machine washable

Each battery for the CAE602-941-100 lasts 8 hours, one can be charged whilst the other is in use.
