The **JSP SpringFit™ FFP2 Non-Valved Disposable Mask** provides reliable respiratory protection against fine dusts, mists, and harmful particles. Its **fold-flat design** makes it easy to store, while the **SpringFit™ technology** ensures a secure and comfortable fit without the need for constant adjustment. The non-valved construction makes it ideal for use in environments where protecting both the wearer and surroundings is essential.

- **FFP2 Protection:** Filters at least 94% of airborne particles — ideal for moderate-risk environments.
- **Non-Valved Design:** Helps prevent cross-contamination, protecting both the wearer and others.
- **SpringFit™ Technology:** Automatically adjusts to fit most face shapes securely and comfortably.
- **Fold Flat Design:** Compact and easy to carry without compromising protection.
- **Box of 10:** Convenient pack size for regular or team use.
- **Conforms to EN 149:2001 + A1:2009:** Certified to European standards for disposable respiratory protection.
