The lightweight Kask Superplasma AQ is a vented safety helmet for industrial use conforming to EN397. The Superplasma AQ's lightness is made possible by the high-density polystyrene insert, which absorbs impact forces.

- Washable soft padding with 2DRY technology for maximum comfort
- The sanitized antibacterial treatment acts as an internal deodorant
- Maximum ventilation thanks to the ten air intakes
- The micrometrical adjustment system provides quick and precise adjustment
- Universal-adjustable
- Multilateral hit protection ensured
- EPS inner shell for best shock absorption and protection
- Conforms to EN397
