The Vileda UltraSpeed Pro Starter Kit will make mopping faster, cleaner, and easier. Developed for general floor cleaning tasks. This Vileda Starter Kit features simple to use, integrated handle holders, and an easy-to-maneuver chassis.

- The fastest bucket and press microfibre mopping system
- Able to clean over 750 m2 per hour in a single step or 360 m2 two-step process
- Fast wringing - simple to use and twice as fast
- Efficient press - releases up to 50 % more water
- Floors dry faster & reduce slip hazards
- Hygienic & no hand contact with mops or cleaning solution
- Easy to use - no training required
- Ergonomic & lightweight, no bending to wring
- Starter kits contain: a mop system, wringer, mop frame, and mop pad
